

Hey there NWA Daily Reader!

Every day we highlight some of our favorite news stories from the region and it looks way better when there's a good picture involved. Right?

But seeing the same old photos of the same old places is redundant, and redundant is boring.

We thought about drumming up some college interns to go snap us some pictures on their fancy lil iPhone 14's, but then we had a better idea that we thought might be a bit more fun.

What if we could see NWA through our readers' eyes???

So we're asking you, our NWA Daily community, to submit photos of your favorite spots around town so we can see NWA from a fresh angle.

Maybe you're asking, "What's in it for me?" Well, I'm glad you asked!

- See more: Feel like a tourist in your own hometown while capturing notable landmarks. You may even discover a new favorite spot!
- **Boost your reach**: Trying to grow your photography business or social media platform? If we use your photo in the Daily Newsletter, we'll give your social media account a shoutout for the photo cred!

## What should I take pictures of?
